STIPULATION AND ORDER
REGARDING CLASS-
CERTIFICATION BRIEFING

Washington limited liability company, on
behalf of themselves and others similarly
situated,

Plaintiffs,

vs.

CITY OF SEATTLE,

Defendant.

STIPULATION

The parties continue to engage in active discovery, including document production, depositions, and other discovery. As part of that process, the parties have been meeting and conferring regarding certain productions and depositions and have determined that it would benefit the Court and the parties to delay the class-certification deadline by a few weeks. The parties also believe that it would benefit the Court and the parties to modestly expand the briefing schedule and page limits on the briefing of Plaintiffs' anticipated motion to allow the parties to fully advise the Court about the issues surrounding class certification. The parties therefore stipulate to the following schedule and page limits (which do not require the adjustment of any other dates on the case schedule), and request that the Court enter the proposed order set forth below:

Deadline for any motions related to class certification:	January 13, 2022
Deadline for oppositions to motions on class certification:	February 7, 2022
Deadline for reply in support of motions on class certification:	February 18, 2022
Page limit for any motions related to class certification:	27
Page limit for oppositions to motions on class certification:	35

Page limit for replies in support of motions on class certification: 20

STIPULATED AND AGREED TO this 22 day of October, 2021.
